

AFRICAN IMPROV SUPPLY LIST

**Workshop: April 18, 2026, 10 am – 4 pm
Temple Beth El, 3055 Porter Gulch Road, Aptos, CA 95003**

Kits of African fabric will be available for \$45 per kit. We need to know in advance if you want a kit.

If you want to bring your own fabric choices, please bring:
8 African Fabric Fat Quarters
(4) ½ yard cuts in coordinating solids.

Students are also encouraged to bring extra solids in yardage. They are also welcome to work entirely from their own stash.

Also, depending on the pace that individual students work, there are usually 1-2 blocks completed during the workshop - then students will have what they need to complete the project outside of class.
