

APRIL 2022 BOM INSTRUCTIONS: April Showers

We're attempting to stitch a bit of magic this month, trying to tease some rain out of the sky. The April block is a 6" 9-patch, but while you're making it, think rain!

5 squares, 2½ x 2½ (provided)

4 squares, 2½ x 2½ any coordinating fabric

Join in 3 rows. April showers print in the left and right corners in rows one and 3, and center square in the middle row..

Caution! The showers print is directional. I know from first hand experience that it's very easy to put one block in sideways.

Please complete the enclosed drawing slip, and return it and your block to Cara Lamb.

Please return your block and drawing slip *before* the May meeting, which is **Monday, May 9**. Or—bring it to the May meeting!

If you have any questions about the block or the drawing, contact me at blockofmonth@pvqa.org.
